Overview

Purpose A Checkpoint Report is used to report, at a frequency defined in the Work Package, the status of the Work Package.

Contents *The Checkpoint Report should cover the following topics.*

Follow ups from previous periods	3
This Reporting Period.....	3
Next Reporting Period	4
Work Package Tolerance Status	4
Issues and Risks	4

Advice *The Checkpoint Report is derived from the: Work Packages; Team Plan and actuals and the previous Checkpoint Report*

A Checkpoint Report can take a number of formats, including: Oral report to the Project Manager (could be in person or over the phone); Presentation at a review meeting (physical meeting or conference call); Document or email issued to the Project Manager; Entry in a project management tool.

The following quality criteria should be observed:

- *Prepared at the frequency required by the Project Manager*
- *The level and frequency of progress assessment is right for the stage and/or Work Package*
- *The information is timely, useful, objective and accurate*
- *Every product in the Work Package, for that period, is covered by the report*
- *Includes an update on any unresolved issues from the previous report.*
